

Legacy of the Dragons™

The Arcana Unearthed Bestiary

This sourcebook provides new adversaries and allies created using the rules from the best-selling **Monte Cook's Arcana Unearthed** variant player's handbook.

Give Your Game Some Teeth!

Inside, 3rd Edition co-designer Monte Cook presents the hideous ghoulish worm; the nefarious eye-hunting staj; and the prowling kahn, which literally feeds on combat and anger. For original, well-designed and fearsome monsters, look no further than those who serve as the Legacy of the Dragons!

Sword & Sorcery books are published under the Open Game License and are 100% compatible with v.3.5 rules and the d20 System.
